COLOR HERBE®

THE HAIR COLOUR THAT TREATS YOUR HAIR

THE OTHER PRODUCTS

HERBE Oxidizing Oil 5%

To obtain maximum coverage, 500ml.

HERBE Fixcolour 8%

To lighten hair as well as colour, 500ml.

HERBE Concentrates

Also available are 4 Colour Concentrates:

Red - Gold - Blue - Silver

Used to neutralize or accentuate highlights. Extremely useful and creative for today's modern hairstyles. Bottles, 120ml.

HERBE Normalizing Shampoo

Normalizing Shampoo: Natural Herb based. Stabilizes the colour of dyed hair. Maintains and enhances coloured and highlighted hair. Rich in Mallow extracts, it cleans gently. Use after applying an HERBE colour. Its special PH neutralizes any possible oxidation residue after colouring.

Used regularly, Normalizing Shampoo keeps all hair clean and healthy looking. 500ml.

HERBE Cream Reconditioner

An especially rich, natural conditioner created for hair that's been coloured, highlighted or permed. Restructures, strengthens and moisturizes, adding amazing brightness, softness, and suppleness. It should always be used immediately after colour treating hair and whenever colour treated hair is washed.

May also be applied around the hairline during the hair colouring process to protect the skin. We also recommend leaving it in for 3 - 5 minutes after using Normalizing Shampoo. Do not rinse completely and it will continue moisturizing the hair.

It is an extraordinary moisturizer for naturally curly hair. It is formulated with Wheat Bran Lipid - protein extract of wheat. 500ml.

COLOR HERBE FLASH FASHION. Six New Colours that can be used alone or mixed with other shades.
 If covering grey FF1, FF2, FF4, FF5, FF6 are on base 7. FF3 is on base 5.

Quality and safety are traditional features of the manufacturers of the Color Herbe range and Antica Erboristeria have now developed **FLASH FASHION** with **No Ammonia** and **No Resorcinol**.
 As with the Color Herbe colours **FLASH FASHION** covers grey from the first application (follow above instructions for best coverage) and now contains **Aloe Vera** (well known for its anti-oxidizing properties with mucillogins, vitamins and panthenol) to protect and nourish the hair while colouring.
